

Thornybush

COVID-19 GUEST AWARENESS PROTOCOLS

Thornybush prides itself on offering high quality, safe safari experiences to our guests from around the world. With this in mind, and in response to the COVID-19 pandemic, we have been working hard to ensure we are ready to welcome you back! We have implemented stringent hygiene and safety protocols to make sure that our guests and team members continue to remain safe, without compromising the quality of the safari experience.

GUEST ARRIVAL AND CHECK-IN

- On arrival you will be welcomed by our team who are ready to kick start your Thornybush journey
- Non-contact guest check-in procedures are available
- Guest medical and travel declaration form to be completed
- Guest luggage sanitized if requested
- Hand sanitizer station available
- As per SA Government regulations, face masks are only required in closed and confined spaces and are not required in open air areas.

SOCIAL DISTANCING

Social distancing to be maintained by all team and guests:

- During safari activities
- In public and common areas
- At dining venues

FOOD PREPARATION AND DINING

Food preparation under the highest possible level of hygiene:

- Chefs will be required to wear PPE including facemasks
- Safari snacks individually packed
- Menus presented by service team members and individual menus printed per table

HOUSEKEEPING AND HYGIENE

- Sanitizer stations are available
- Hand sanitizer are available in all guest suites
- Guest suites are sterilized before check-in
- Rooms serviced daily or as per guest preference
- High traffic and high contact areas sterilized on a regular basis
- Linen and towels washed on a hot cycle, as per World Health Organization's guidelines

GAME DRIVE AND SAFARI ACTIVITIES

- Vehicles are sanitized before and after each safari
- No sharing of binoculars & field-guidebooks
- Individual snack packs will be provided

OUR TRANSFER PARTNERS

- The transfer companies that operate in this area have supplied us with their detailed cleaning protocols which they are following to ensure the highest level of hygiene for all guest transfer.
- These guidelines have been stipulated by the relevant regulatory bodies.

ON-SITE MEDICAL RESPONSE

- If a guest displays COVID-19 symptoms on arrival or during their stay they will be escorted to a designated COVID-19 room to await assessment by a medical professional
- A guest with suspected COVID-19 will not be permitted to participate in any activities and meals will be served to their room by a staff member
- Our medical service provider, Africa Safe-T, has developed a detailed evacuation protocol in response to a suspected COVID-19 case. This is applicable to all our guests and team members
- On site essential equipment and medication is available and is supported by Africa Safe-T paramedic response
- We have quarantine rooms available at each lodge

OUR TEAM MEMBERS

- All our team members have been fully trained on COVID-19 Health & Safety protocols, following guidelines set out by leading authorities, including the World Health Organization
- All our team members have been supplied with necessary PPE
- In line with government protocols, our team wear masks when indoors
- Daily temperature screening has been implemented
- Our team members all live on-site
- Our team members have been vaccinated

If you are looking for more peace of mind and would like a more detailed breakdown of our Health & Safety Protocols, please contact us.
