

## DISCOVER YOUR DREAM AFRICAN SAFARI

### Embracing our Safari Traditions

#### Dear Valued Partner

Over the years, we've celebrated the incredible legacy of Thornybush—from our humble beginnings as a safari lodge to our ongoing commitment to conservation, luxury hospitality, and sustainability.

Recently, we asked our Guides what they love most about Thornybush, and their answer was unanimous—the tradition of morning game drives and the cherished sunrise coffee stop. While this experience may not be unique to us, it remains a timeless ritual that holds a special place in the hearts of our guests from around the world.

This year, we're embracing the magic of our safari traditions—the golden-hour sundowner ritual, the iconic bush breakfast, boma dinners under the stars, immersive bush walks, and the enchanting storytelling and traditional dancing that connect us to South Africa's rich heritage. These moments define the Thornybush experience, making us the ultimate classic safari destination in the Greater Kruger region.

These cubs, born to the Evoka pride, marked the beginning of a dramatic transformation in the region's lion social structure.
